INQUIRY INTO PACIFIC HIGHWAY UPGRADES

Organisation:

Name: Mr Anthony Forbes

Telephone:

Date Received: 18/08/2005

Subject:

Summary

The pacific highway between tintinbar and ewingsdale must stay here it is. Double b trucks must be moved to an inland route. Any move of the highway to the east will bring massive disruption to many lives. The magic that many thousands of tourists come to experience on the far north coast will be seriously compromised, as will the quality of life of thousands of residents. We urge you to maintain the present highway position!!
