**INQUIRY INTO THE PRIVATISATION OF PRISONS AND  
PRISON-RELATED SERVICES**

**Name:** Ms Josephine Hogg

**Date received:** 25/02/2009

---

I completely reject the intention of privatising any of our Prisons/Detention Centres. The detention of criminals and/or Law breakers should be, and should always remain the responsibility of the Government - not some consortium of individuals with Profit in mind. This is not negotiable and I will show my disapproval at our next elections should this privatisation go ahead.
