

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Miss Yvonne Lau

Date received: 15/02/2013

I support the definition of marriage in the Marriage Act as the union of one man and one woman.

Many people reckon that same sex marriage is a human rights issue. This is not true. It is a fundamental issue. Same sex marriage is against the law of nature. This is because a two-man alone family or two-woman alone family cannot give birth to new life. To give birth to a new life, it requires the union of a man and a woman. After birth, a healthy new life requires the nurture and care by both male and female parents. This is the law of nature. This also applies to all animals. Same sex marriage is against the law of human life. Same sex marriage will lead to diminishing of the population of human being. If the population of human being decreases while the population of other animals increases, human being may lose control over other animals. This will ultimately lead to destruction of humankind.
