## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Ms Verena Carey

Dear Director,

I want to show my support for the inquiry into greyhound racing.

The racing industry in NSW allow unacceptable, cruel and outright disgusting abuse of these beautiful dogs.

Please consider better management of: over-breeding of greyhounds; ways to reduce the high numbers of dogs being euthanased; allegations of doping and other cruel treatment, with subsequent prosecution; accurate and transparent data collection in the industry (including the number of pups born, the number of dogs euthanased and injury rates); the ongoing export of greyhounds to other countries.

I hope this Inquiry leads to strong recommendations which will improve the treatment of these beautiful animals!

Sincerely,

Verena Carey
