

INQUIRY INTO COAL SEAM GAS

Name: Name suppressed

Date received: 2/09/2011

Partially Confidential

We are forced to protest about coal seam gas drilling in our valley.

This valley and others in the vicinity have always been used for primary production dairy/ beef. As farmers we are appalled at the irreparable permanent damage drilling causes to the water table, for now and all future generations, disadvantaging the food production chain for Australia and the world.

We are strongly protesting about coal seam gas drilling in our valley near Taree.

This land has always been used for primary production dairy/ beef etc.

As farmers we are appalled at the irreparable permanent damage caused to the water table for the use of present and all future generations. The damage to the water table will disadvantage the food production chain forever.!
