What I would Like to Say:

I have been involved in the
greyhound industry all of my
life and each year seems to be
getting harder. I am an owner-trainer
Breeder. Over the years I have made
many friends in the industry.
Many of them tell me that they
don't race their dogs here in NSW
anymore that they in fact send
them interstate. Because that's where
the money is. That's just sad.

Yours Sincerely
