**INQUIRY INTO THE BUILDING THE EDUCATION
REVOLUTION PROGRAM**

Name: Mr Gregory Radford

Date received: 5/06/2010

The BER project at my local school is possibly the greatest waste of tax payer funds in history. It is totally inadequate. It is so small we can not fit the appliances in the building. It is less than half the size of the old one, which there is nothing wrong with. The publised expense of this building is grossly beyond what any reasonably minded person would consider a decent price.
