PROPOSED SALE OF SNOWY HYDRO LIMITED

Organisation:

Name: Ms Denise Cooper

Telephone: 0408 802 867

Date Received: 2/06/2006

Theme:

Summary

There should be no more sales of any publicly owned entity without full discussion and agreement of the Australian people. Note the Federal Government's proposed sale of Telstra and Medicare Private. A full enquiry into the Judicial System should also be on the agenda. The Land & Environment Court has become the Developer's Bank, and a tool of Foreign Companies. Some instances - Japanese Company in Port Stephens and Coca Cola on the Central Coast. Coke has bought up many bottled water companies, and this Court has backed it against local Government and the valiant attempts of local people to limit its drilling into the Aquifer. We are in drought and they are taking more and more.
