**workerscompinquiry - Fwd: Planned changes to Workers Compensation**

---

The Hon Robert Borsak MLC  
C/O Parliament House

Dear Sir

I am writing to express my concern over changes to the Workers Compensation benefits. I urge the Government, in order to protect the rights of injured workers, to address the overspending and waste by WorkCover. The Government should not reduce benefits or cut access to vital medical and rehabilitation support to injured workers and their families. I hope you will agree that the rights of injured workers should be protected.

Yours sincerely  
Carmine Pontieri
