

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Stanislaus Hurley

Date received: 16/02/2013

Same sex unions are different to male/female unions - as everyone knows. So they should have a different descriptor to help people know which sort of union a couple is in. The homosexual movement changed the meaning of "gay" so they should be inventive enough to change the meaning of another word or to think up a new word to describe the committed relationship of a homosexual couple.
