I am opposed to selling any Australian State Prisons to Private Companies. I work in a Public Hospital, rural area and I can assure you that any service that has been sold out to Private enterprise has proven to be the demise of the health service, eg, laundry and catering services. Private enterprise is all about making money, therefore there will be lost employment, down grade of services. We should also keep our Prison System in Government identity as opposed to private. This will ensure a fairness to Employess and Prisoners across the State.
