

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Darel McAllister

Date received: 6/02/2013

Dear Sir/Madame

Please give careful consideration to even thinking about same sex marriage as it is completely opposed to the whole reproductive system of the human race and is ignorant to the facts of providing children with a proper upbringing and seeks to teach young susceptible adolescents to wrong way to live and learn and grow up. God created man and female to complement each other and it is wholeheartedly recognised by the reproduction of 7,000,000,000 people. The fact is that homosexuals can not reproduce on there own and any attempts are encouraging the perversion of a beautiful race of people called human beings. Refuse it flat out and do not consider it possible in any way that homosexuality is in any way good because it is not it is evil.

Darel.
