Summary

To whom it may concern,

I read with great concern the NSW Governments intention to sell the Snowy Hydro Scheme and the great lengths they have gone to, to keep their actions a secret. Thankfully Dr. Gordon Moyes has uncovered their devious actions. The Snowy Hydro Scheme is an Australian Icon and must be preserved for all Australians; it MUST NOT be allowed to be sold to an overseas interest. I believe such actions could cause the downfall of the NSW Labor Government.

Yours faithfully,
Rhonda Avasalu
