Summary

Unfortunately I will not be able to be at the Public Forum on May 1st. Nonetheless, I wish to have my say.

As an asthmatic dancer and singer, I had to stop my career as tobacco smoke in hotels and other venues caused life-threatening asthma attacks.

Tobacco smoke on streets, in outdoor, and semi-outdoor cafes, outside shops, cinemas, theatres, and medical centres prevents me from accessing those services. I have had enough of being not even a second-class citizen; often I feel like a non-citizen.

Please assist us rid all public places of tobacco smoke.

Thank you,

Aviva Sheb'a
