INQUIRY INTO NSW TAXI INDUSTRY

Name: Mr Brett Falkner

Date received: 24/12/2009

G'day, how go's it. Taxis are always late if there is one available. Would it be possible to make it compolsery that each cab should have a number of Taxi subsidy voutures per month to keep their licence. That would make them compete for fairs. This would force them to pick up Wheelchairs and the like, instead of mainstream passengers.
Thanks and happy new years
