Dear Sir,

I am employed at the Civic Railway Station in the Kiosk.

The Car is the Ruination of our public transport system. The car is too dangerous and very expensive too slow and Anti Social, but of course cheap for the Government.

There are more women use the train than men and to be frank we have more sense.

By the timetable the train from Warabrook station to Newcastle station takes 13 minutes by bus it is 40 minutes.

We need the train to Newcastle so I can get to work on time.

Yours faithfully,

i
