

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mrs Kathryn Wadey

Date received: 4/10/2013

Become a world leader in animal welfare.

End greyhound racing, the dogs are ruthlessly breed and then when no longer of financial gain, painfully executed, often starved.

For entertainment sake, once people were thrown to lions, we've moved forward from such barbarous acts for "pleasure" or have we? Many dogs die from this "sport"

Just like bull fighting affected Spain's tourism, activists will never stop speaking of a countries guilt, be a bright light, and reject these atrocious activities.
