## INQUIRY INTO THE BUILDING THE EDUCATION REVOLUTION PROGRAM

Name: Mrs Jodie Lindsay

Date received:

1/06/2010

I think the BER program is a total rort!!!! To spend \$600,000 on a building that is smaller than a single car garage is madness, for a building that has been costed out (for the materials) at UNDER \$30,000.......WHO HAS GOTTEN RICH ON THIS??????

Certainly not the kids at our school - why build another Canteen when there is one that is already fully functional (maybe only needing a few new appliances!!)?? Why didn't we get something that might actually enrich their lives, a science lab or school hall would have made so much more sense!!!! Anything would have been better than this UNUSABLE CANTEEN!!!!

I believe that someone needs to be held accountable for this waste of TAX PAYERS MONEY, this isn't a REVOLUTION.....this is a RIP OFF!!!!
