THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Mr Rafiqul Islam

Date received: 4/10/2008

I request to delegate to visit North West of Sydney and see the suffering of the resident by themselves. We have been treated like second class citizen for decades. We spend 4 to 4.5 hours a day for commute to work and come back home. Most of the people in North West paying their fair share of tax and when the time of infrastruce come.. we have been neglected. We are paying heavy toll to trave to City (M7, M2, Lane cove, Harbour bridge). Please build the North West Metro Now or never. Please get assistance from Federral Government. Cost of transportation will never be cheaper.
