

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 16/02/2013

Partially Confidential

We are all created by God and He created us male and female. On this absolute truth basis, I see marriage defined as a committed relationship between one male and one female. To redefine marriage and the family by introducing same sex marriage would violate this principle and would be taking us in a direction towards destruction of godly principles. A very dangerous course to take. God will not tolerate continued disobedience by the very people He created.
