**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Name: Mr Gary Newnham

Date received: 29/07/2012

As a responsible off road trail bike rider of 40 years I am concerned that public lands have their uses limited further than is already the case.

This process of review and limitation of use has been going on since the 1970s and is always biased towards the extreme end of the environmental argument.

I respectfully submit that as responsible users of these lands we continue to be allowed access.
