

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Ms Rebbecca Hesford

Hi there,

I am against homosexual marriage for these reasons:

1. It doesn't give a child the chance to see in a family relationship what a man OR woman is like and to copy them. In fact it blurs the lines of what a woman's role is.
2. It is not sustainable (men can't have babies)
3. It makes the child of the relationship 'teasable' in school and takes away the privileges they might have (i.e. a girl doesn't know girly stuff, and vice versa)
4. (And this is by far the best and most persuasive form of argument for me) I am a Christian and it is against my values....I believe God said homosexuality was wrong (and hence, homosexual marriage is wrong), saying that a man is to leave his mother and father and be joined to his wife.

Please take this into consideration. I am saddened to see Briton's stance on this, and hope that our parliament doesn't go the same way,

Kind Regards,

Rebecca Hesford
