

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Rodney McShanag

Date received: 9/02/2013

Equality should be the issue and respect, who has the right to tell someone how they should live their life, what is their eyes normal or not, who elected them to be a god , when a child is bullied, victimized and bashed , do we consider all the reasons or do we just accept. Well I'm over accepting its time to reconise same sex marriage as equality ...what is fair and stop accepting things that we have the power to change.
