INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Rebecca Randall

Date received: 6/11/2013

Dear Director,

I am so disturbed of the Greyhound industry's lack of regulation. Greyhound's are intelligent and gentle beings and are suffering at the hands of gamblers and bookies looking to make easy money out of animal racing. In light of recent evidence showing drugging and worse of these beautiful creatures, I demand tough regulation, ensuring that the greyhounds can enjoy a quality of life. I consider Australia a liberal country in terms of animal treatment - let's stop this!! If more resource is needed, I am prepared to help push to stop this. Regards, Rebecca Randall

Sincerely,

Rebecca Randall
