INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Leanne Seath

Date received: 5/11/2013

Dear Director,

I have become aware of the abusive treatment suffered by greyhounds in NSW

Please help us to limit breeding to reduce extreme numbers of these dog being euathanased, humanly or otherwise.

Drugging these animals to maximize their racing abilities needs to be stopped. Injuries from racing in particular needs to be monitored and animal cruelty should not be tolerated.

Allowing the export of these as with all animals to countries without efficient animal cruelty laws needs to be stopped immediately.

Please do not ignore my concern for these animals it's an issue that deserves all of our attention.

Thank you

Leanne Seath
