INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Kath Mcauliffe

Date received: 5/11/2013

Dear Director,

Greyhounds are a gentle, graceful and loving breed.

They deserve respect and the right to live free from abuse, fear, outrageous expectations and pain.

Currently the greyhound racing industry denies greyhounds of these rights and what for? Money.

Give these amazing creatures a quality of life that is not based on how fast they are or how much money they make, instead allow them freedom and compassion.

Thank you for your time,

Kind regards

Kath mcauliffe
