## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Miss Jenny Short

**Date received:** 25/10/2013

---

The government needs to wind down animal racing and gambling. It's time to reduce the waste and conserve resources. Over breeding of dogs in the name of gambling belongs to the dark dime ages. With all the talk of conserving resources and energy Australia needs to move forward and show the world that this type of sport is a thing of the past.

The only way to stop the useless killing is to reduce the breeding and gambling activity.

This sport is as damaging using animals in a circus. **NO NEW TRACKING TRACKS SHOULD BE ALLOWED ANYWHERE IN AUSTRALIA.**
