INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Kass Sexton

Date received: 6/11/2013

Dear Director,

My father bred and raced Greyhounds in Sydney in the 50's. He stopped doing it because of the corruption inherent in the business (he had a dog stolen and then renamed who went on to win some races.) My old man was a canny bugger that not much got past. If he said the industry was corrupt, then really bad things were happening, that he wouldn't tell me. What saddens me most is that this is still happening.

As a Director, I am hoping you will take the lead in educating punters and trainers alike that this cruelty shouldn't go on. It can be stopped. I know, and you know, it can be.

Sincerely,

Kass Sexton
