INQUIRY INTO LOCAL GOVERNMENT IN NEW SOUTH WALES

Name: Name Supressed

Date received: 27/06/2015

Partially Confidential

A huge number of community members fought long and hard to see Pittwater Council come to fruition, that included councillors. Warringah Council was in a state back then and still is. Why would the Pittwater community want to go backwards. Pittwater Council should stand alone. We do not want to join with any other council.
