

THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Suppressed

Date received: 30/09/2008

Partially Confidential

Hi,

My wife works in the city and has to spend 8 hours at work and upto 4 hours in travel time. We moved to Castle Hill because it is better value for money, the life is good and our family is young. We have two kids but on weekdays Mum is not getting enough time with the kids. With growing population in Sydney and the rental crisis more people will have to move to this side of Sydney. However not having proper public transport is a big headache and also will not encourage businesses to move over here. We needed this transport line yesterday, today is already late. Please do something about this asap.
