---

Tottenham Central Schools BER canteen is an absolute disgrace. As a parent with 2 children who attend Tottenham Central School and as a taxpayer I am absolutely disgusted as to the situation we are currently facing - a brand new canteen which is not functional or useable and a complete waste of taxpayers money and also the possibility of losing the original canteen which includes a sheltered area which protects the kids from our harsh environmental conditions. I would like to know what is going to be done to rectify this dilemma and also who signed off on the quote - they need to be made accountable.
