INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mrs Karen Shimmin-Munk

Date received: 5/11/2013

It is abhorrent that so many dogs are bred for an industry where they are lucky to make it to 3, either because they are deemed unsuitable for racing as a puppy and euthanised, or become injured during racing and are euthanised, or become too slow to race and are euthanised. Please do not support this industry
