**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Name: Name suppressed
Date received: 29/07/2012

Partially Confidential

It is pasttime to bring back common sense and stop listening to the green impact .I am sick and tired of listening to people whose only knowledge is a book. We are losing all of our sensible and learned knowledge of our land and letting untried and young overeducated men and women run our lives. In case you have not noticed our country is going backwards at a rate that is totally frightening to anyone whose has foresight.
