

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Ms Lyn Saunders

Date received: 7/02/2013

Dear Social Issues Committee,

Please seriously consider at the very least having a referendum on this issue before making an assumption on public opinion based on loaded opinion polls. Voters would need to be provided with information representative of both sides.

For any Australian state to allow same sex marriage would not only be legally confusing, complicated and messy, but constitutionally invalid as marriage is a federal issue.

This is a serious issue with long term and disastrous consequences for our society especially for our children. Please allow sanity to prevail.

Sincerely,

Lyn Saunders
