

## INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

**Name:** Name suppressed

**Date received:** 30/01/2013

---

Partially Confidential

We are all born equal in this country and therefore deserve equal rights. A marital union between two consensual same-sex adults will bring no more harm to society than that between a man and woman. Furthermore, it will assist in removing the negative connotation associated with homosexuality in a similar manner to interracial relationships in the 20th century especially. It's time the discriminatory law stopping same-sex marriage was changed.
