Marriage between a MAN & a WOMAN! is an important institution in our society. It provides the most stable environment for children. As a society we ought to do all we can to ensure we nurture the next generation. Why do you think the youth of today are the way they are...because of broken marriage, lets not confuse them anymore by telling them is OK for same sex marriage...any DUNCE knows that 2 animals of the same sex can not reproduce...there is nothing natural or normal about that, and our young men are already confused enough with no real male role models in their lives as it is...by allowing same sex marriage will only make society worse...DO we always have to follow the USA in everything...stand up be different, be a Christian country as you profess to be!
