

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

I would like to make a submission to Mr O'Farrell's Parliamentary Enquirey into same "Same Sex Marriage." The first marriage was sanctioned by Almighty God in the Garden of Eden, (see Genesis chapetrs 1 - 3 of the Bible) long before parliaments were even thought of. Marriage is a time honoured institution which only works properly in the way that the creator designed it for. It is obvious by the way the account is written that He never meant to sanction same sex unions. It is my opinion that same sex unions are really not a marriage at all. They already have all the legal recognition they need but real marriage was never intended to be the union of two people of the same sex. To do so makes a mockery of the term and no government should have any right or authority to change such a time honoured institution. It would also constitute the denial of a child's right to have a mother and a father. Any other combination is a compromise that they should not have to endure. I strongly disagree with any move to legislate the recognition of same sex "marrioage."
