Subject: Fw: Re Frank Sartor's new environmental planning laws

- >
- > Thank you to Nathan for taking over the Premiership and taking Frank
- > Sartor from the Environmental Planning Ministry.
- >
- > Frank Sartor has been overruling the councils on developments up and down
- > the NSW coast. There are quite a few groups forming to try and get the
- > laws changed to a more democratic process and work out the finer details
- > which were not forthcoming.
- >
- > What we need is for the developments approved by Frank Sartor be rescinded
- > and an enquiry made into them, until the new laws are sorted out and more
- > constructive, democratic and fairer policies put in place (please).
- >
- > We do not want Sydney people (who do not know anything about our towns)
- > approving developments for our towns.
- >
- > My personal view, and many others, is that Frank Sartor must have had an
- > ulterior motive for overruling Councils, especially when the developments
- > were not passed or wanted by unanimous decisions of the Council.
- >
- > Thank you

Sartor may be gone unloved, but the changes he made to the Act remain.

WE WANT ALL DEVELOPMENTS WHERE SARTOR OVERRULED THE COUNCILS RESCINDED until a genuine democratic plan is developed.

The plans approved by Sartor were under a dictator and in Australia should not be counted as valid.

It's council election time again and we are prepared to let everyone know we are serious about genuine planning reform. We are prepared to let local councillors know that there is a groundswell of discontent about overdevelopment.
