INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Brian Jacobs

Date received: 16/02/2013

Has anyone said that males & females are different; this imbalance in being different brings a mutual beneficial relationship for children. Women & men see things differently and this is the balance any child needs...men are usually strong and women more logical. When marriage between a male & Female "works" the children are nurtured within this environment. My life has been amazing because of this balance between men & women within a marriage i.e Mum & Dad
