THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Suppressed

Date received: 15/10/2008

Partially Confidential

Hi all,

I live in Baulkham Hills and every day I travel to Parramatta for work. I know it is not far but I choose by car and I have to face the traffic in Windsor Road. And pay the expense car park fee in Parramatta as there is no free parking there. By the way to catch the Hills Bus is very expensive. If there was rail service, that would be wonderful.

Rail service in the hills area is considerable in the future.

Other time if I travel to city for work or weekend outing, I have to travel to Granville to catch the train or to M4 instead of M2. Toll M2 has no cash back.

Thanks.
