Dear Sir

I just wished to express my gratitude to you and your committee for restoring some of my faith in the processes of democracy which has been lost in recent months not only by the revelations of the ICAC process but most personally in witnessing the spot rezoning of our most precious headland in King Edward park. This has been unbelievable and unfathomable for some time and to shed some light on how and when this occurred by a committee such as your selves is greatly appreciated.

I understand from other submissions that you have had the situation whereby this occurred communicated to you .This is just to say thank you very much for your time and consideration in this matter.

Sincerely

Dr Virginia Reid B Med
