**INQUIRY INTO THE BUILDING THE EDUCATION
REVOLUTION PROGRAM**

As a resident of Tottenham I am appalled at the cost of the new school canteen. The school needed a new science lab and the existing canteen brought up to current standards. If the school had been given the money they would have been able to complete both projects. However we have a canteen that cannot be used and no science lab at a cost of \$600,000.00. This is not acceptable and the government must rectify the situation or lose all credibility.
