## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mrs See See Soo

**Date received:** 15/02/2013

I like the parliament to uphold the definition that marriage is restricted only for a covenant between man and woman. I like my children to have a clear understanding that two men can't make a baby. The egg has to come from a woman. Stop confusing the next generation. The rights of majority must be heard too.
