INQUIRY INTO PACIFIC HIGHWAY UPGRADES: COFFS HARBOUR

Organisation:

Name: Mr John Langhorn

Telephone:

Date Received: 7/11/2005

Subject:

Summary

John Ewin Langhorn.

The Director,
General Purpose Standing Committee No.4,
Legislative Council,
Parliament House,
Macquarie Street,
Sydney, NSW 2000.

5 November 2005

Dear Sir/Madam,

Re; Pacific Highway Upgrades; Coffs Harbour.

Over the last few years I have attended numerous CFG meetings, Council meetings, RTA meetings, residents meetings etc. and have made submissions to them and others. I have in my possession relevant documentation consisting of Reports, Submissions, maps, summaries, etc. etc. which would take weeks to read and understand. I am astounded that after all this work yet another enquiry is being made.

The RTA and Pramax have all of the detailed submissions which I have made as a CFG member on behalf of myself and the residents of the Bucca Valley. The only question which remains for us is, "when will the highway be upgraded to dual carriageway?" Until this happens the lives of ourselves and our families and friends will remain at risk each and every day. Please, please stop the buck passing and political maneuvering and provide us with a safe dual carriageway between Coffs Harbour and Woolgoolga together with the Bonville upgrade.

Yours sincerely,

John E Langhorn.
