REVOLUTION PROGRAM**

The BER is a total Rip-Off! Schools are getting things they didn't want. Yea i-get it, this was all about having more jobs for people. Well if the \$600,000 that was spent on the Tottenham Central School Kiosk was spent wisely and actually gave them something to work with, something that looked like it would cost \$600,000 people building the structure would have had a job longer because they would have been building something bigger that takes more time! I can't believe how stupid the government is now!!!!!!
