

**INQUIRY INTO VOCATIONAL EDUCATION AND
TRAINING IN NEW SOUTH WALES**

Name: Mr Noel Cook

Date received: 26/06/2015

Cut Tafe, you cut apprenticeships. This is pure privatisation of our education system for our youth who can't make it into university. Then who will you call for no Hot water, that busted pipe or no power in the night? No wonder there is a skills shortage for tradesmen. Argh, I forgot you just import the cheap chinese labour via our new free trade agreement on 457 visas instead while our youth are assigned to the scrap heap on the dole for ever. Talking about creating an underclass of poor disaffected youth. But then the Rich & Powerful of the LNP never cared about them only their rich & powerful mates! I hope every parent and their children looking for an apprenticeship or training remember this at the next election!
