

INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 17/10/2013

Partially Confidential

I am wanting the greyhound racing committee to help reduce the animal welfare issues especially deaths injuries and the euthanasia of unwanted dogs in the industry by external groups to monitor and transparency within the industry. The public have seen enough of animal abuse and will intervene if this is not accomplished soon. Animal rights must be addressed. Thank you.
