INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Elizabeth Meakin

Date received: 5/11/2013

Dear Director,

It is illegal to use performance drugs in human racing so should be in animal racing. Also killing the animal coz it is not sit able or fast enough is just horrible u don't kill the person who comes last let alone bludgeon them or shoot them to death. The animal welfare act should not allow for this sort of treatment to animals.

Please if this sort of thing is going on it needs to be checked on to be made known to people that this is unacceptable and we the people do not stand for it Thank you

Sincerely,

Elizabeth Meakin
