## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Ms Zerine Knight

**Date received:** 7/11/2013

---

I do not support an industry that treats sentient beings as disposable objects. Racing greyhounds suffer drugging, injury and death. They are used for blooding and sent to Asian countries without animal welfare laws. Live baiting And cruel training techniques are used by the industry. Breeding these beautiful animals simply to race them, bet on them and kill them when they are no longer profitable is not conducive to a civilised society.
