**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Mr Glenn Boardman

Date received: 1/03/2009

It has been proven over and over that privatisation has proved to be unsuccessful and more costly than public. Government sells to private sector then spends billions buying all what it has sold back at a huge waste off taxpayers money. Also all the jobs of hard working Australian people have lost due to these unnecessary sell offs. Isn't this why Australians pay tax so that Government can keep Gaols, Defence, Police, Health, Education in police hands?
